

# HARBOUR INVESTMENT FUNDS

---

## Product Disclosure Statement

Issued by Harbour Asset Management Limited

9th October 2017

This document replaces the Product Disclosure Statement dated 19 June 2017

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [www.business.govt.nz/disclose](http://www.business.govt.nz/disclose). Harbour Asset Management Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013 (FMC Act). You can also seek advice from a financial adviser to help you to make an investment decision.

[www.harbourasset.co.nz](http://www.harbourasset.co.nz)

 **Harbour**  
ASSET MANAGEMENT

# 1. Key information summary

---

## What is this?

---

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Harbour Asset Management Limited (**we, us or our**) will invest your money and charge you a fee for our services. The returns you receive are dependent on our investment decisions (and, in the case of the T. Rowe Price Global Equity Growth Fund, its investment manager T. Rowe Price International Ltd) and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

Investment into the Funds, for retail investors, is available via a Portfolio Investor Proxy (**PIP**) or custodial service. The PIP or custodial service invests in the Funds on your behalf, and is therefore the investor to us. In some instances, references in this document to "you" are referring to the PIP or custodial service you use. Different services have different requirements so throughout the document we refer to 'your service' which relates to the PIP or custodial service you or your financial adviser use. For more information please see Section 10, "How to Apply".

---

## What will your money be invested in?

---

There are 8 funds (Funds) offered under this Product Disclosure Statement (**PDS**).

These investment options are summarised on the following page. More information about the investment target and strategy for each investment option is provided in Section 3 of the PDS, "Description of your investment option(s)".

---

## Who manages the Harbour Investment Funds?

---

The manager of the Funds is Harbour Asset Management Limited. See section 7 of the PDS, "Who is involved?" for more information about us.

---

## What are the returns?

---

The return on your investment comes from:

- any increase or decrease in the Fund's unit price, and
- any income distributions made from the Fund.

The NZ Core Fixed Interest Fund, NZ Corporate Bond Fund, Australasian Equity Income Fund and Income Fund intend to pay distributions quarterly for the distribution periods ending March, June, September and December. The other Funds offered under this PDS do not distribute income, however any accrued income for these Funds is reflected in each Fund's unit price. See Section 2 of the PDS, "How does this investment work?" for more information.

---

## How can you get your money out?

---

You can withdraw some or all of your investment at any time by completing a signed withdrawal request and providing it to your service. We can suspend or defer withdrawals in certain circumstances. We may suspend withdrawals or delay payments from a Fund if it is in the best interests of all investors in the Fund or to protect a Fund's Portfolio Investment Entity (**PIE**) status. See Section 2 of the PDS, "How does this investment work?" for more information.

Your investment in the Funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

---

## How will your investment be taxed?

---

Each Fund is a PIE.

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (**PIR**). To determine your PIR, go to the IRD website [www.ird.govt.nz/toii/pir/workout/](http://www.ird.govt.nz/toii/pir/workout/). See Section 6 of the PDS "What taxes will you pay?" for more information.

---

## Where can you find more key information?

---

We are required to publish quarterly updates for each Fund. The updates show the returns and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [www.harbourasset.co.nz](http://www.harbourasset.co.nz). We will also give you copies of these documents on request.

FUND NAME	DESCRIPTION	RISK INDICATOR	ANNUAL FUND CHARGES (ESTIMATE) EX. GST
Harbour NZ Core Fixed Interest Fund	The Fund is an actively managed investment grade bond fund that invests mainly in New Zealand Government bond and corporate bond fixed interest securities.	<p>LOWER RISK <span style="float:right">HIGHER RISK</span></p> <p>1 2 3 4 5 6 7</p> <p>Potentially lower returns <span style="float:right">Potentially higher returns</span></p>	0.63%
Harbour NZ Corporate Bond Fund	The Fund provides access to favourable income yields through a diversified portfolio of primarily investment grade corporate bond fixed interest securities.	<p>LOWER RISK <span style="float:right">HIGHER RISK</span></p> <p>1 2 3 4 5 6 7</p> <p>Potentially lower returns <span style="float:right">Potentially higher returns</span></p>	0.63%
Harbour Income Fund	The Fund is designed to give a favourable level of income. The Fund invests predominantly in New Zealand investment grade fixed interest securities and Australasian equities which pay a sustainable dividend yield. Other tools, such as active management and scope to invest in sub investment grade securities may also be used to enhance returns.	<p>LOWER RISK <span style="float:right">HIGHER RISK*</span></p> <p>1 2 3 4 5 6 7</p> <p>Potentially lower returns <span style="float:right">Potentially higher returns</span></p>	0.63%
Harbour NZ Equity Advanced Beta Fund	The Fund provides exposure to New Zealand equities. The Fund has 70% invested in companies in the market index and 30% invested in companies which exhibit characteristics of value, yield and growth factors that are driven from our financial models.	<p>LOWER RISK <span style="float:right">HIGHER RISK*</span></p> <p>1 2 3 4 5 6 7</p> <p>Potentially lower returns <span style="float:right">Potentially higher returns</span></p>	0.54%
Harbour Australasian Equity Income Fund	The Fund is designed to generate attractive levels of quarterly income from a diversified portfolio of New Zealand and Australian listed equities that pay sustainable and growing dividend yields as well as holding cash and fixed interest securities.	<p>LOWER RISK <span style="float:right">HIGHER RISK</span></p> <p>1 2 3 4 5 6 7</p> <p>Potentially lower returns <span style="float:right">Potentially higher returns</span></p>	1.05%
Harbour Australasian Equity Fund	The Fund provides actively managed exposure to New Zealand and Australian listed equities. This Fund has a growth-oriented investment approach to generate alpha (return over the benchmark) for investors.	<p>LOWER RISK <span style="float:right">HIGHER RISK</span></p> <p>1 2 3 4 5 6 7</p> <p>Potentially lower returns <span style="float:right">Potentially higher returns</span></p>	1.10% This Fund may also charge a performance fee. See page 10 for more information.
Harbour Australasian Equity Focus Fund	The Fund is an actively managed, high conviction fund investing in New Zealand and Australian listed equities. This Fund invests in quality growth companies that the Harbour equity research team rank as their best research ideas.	<p>LOWER RISK <span style="float:right">HIGHER RISK*</span></p> <p>1 2 3 4 5 6 7</p> <p>Potentially lower returns <span style="float:right">Potentially higher returns</span></p>	1.26% This Fund may also charge a performance fee. See page 10 for more information.
T. Rowe Price Global Equity Growth Fund	The Fund invests primarily in a portfolio of securities of companies which are traded, listed or due to be listed, on recognised exchanges and/or markets throughout the world. It may include securities of companies traded on recognised exchanges of developing countries.	<p>LOWER RISK <span style="float:right">HIGHER RISK*</span></p> <p>1 2 3 4 5 6 7</p> <p>Potentially lower returns <span style="float:right">Potentially higher returns</span></p>	1.22%

See Section 4 “What are the risks of investing?” on page nine of the PDS for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your own risk profile at [www.sorted.org.nz/tools/investor-kickstarter](http://www.sorted.org.nz/tools/investor-kickstarter).

\*NOTE 1: A combination of actual Fund returns and market index returns have been used to determine the risk indicator for the NZ Equity Advanced Beta Fund (inception 3 December 2014), Income Fund (inception 28 October 2015), Australasian Equity Focus Fund (inception 10 April 2014) and T. Rowe Price Global Equity Growth Fund (inception 21 October 2015) as these Funds have not been operational for five years. The risk indicator may therefore provide a less reliable indicator of potential future volatility of these Funds.

## 2. How does this investment work?

---

This PDS is an offer to purchase units in the Harbour Investment Funds. Each Fund is constituted within a managed investment scheme that is governed by the revised Harbour Trust Deed (dated 21st September 2016).

The money you invest buys units in the Fund or Funds you choose. Your money is held on trust and pooled with the money of other investors in the Fund. We use the money to purchase assets for the Fund on behalf of all the investors. Harbour investment professionals select and manage the assets in each of the Harbour Funds. T. Rowe Price select and manage the assets in the T. Rowe Price Global Equity Growth Fund. Refer to Section 3 of the PDS "Description of your investment options" for more information.

Each Fund's assets are valued independently of us by Trustees Executors Limited (the Administration Manager). The price of each unit you receive depends on the value of the Fund at the time you invest. The purchase of units does not give you legal ownership of a Fund's assets, but gives you the right to return from the assets in the Fund. The unit price is calculated by dividing the net asset value of a Fund by the number of units the Fund has on issue. The unit price is calculated each business day and is rounded to four decimal places.

The value of units in a Fund fluctuates according to the changing value of the assets in which the Fund has invested. A change in the value of a Fund's assets affects the unit price of your units.

The number of units you have (your unitholding), when multiplied by the unit price, gives you the total value of your investment in any one Fund (although the impact of tax can result in a change in the number of units you hold, up or down, as the unit price is before tax). Weekly unit prices for the Funds can be found on our website [www.harbourasset.co.nz/unit-prices/](http://www.harbourasset.co.nz/unit-prices/).

No assets of a Fund will be available to be applied to meet the liabilities of any other Funds managed by us.

The key benefits of investing in the Harbour Investment Funds are:

- **Diversification** – access to a widely diversified portfolio of securities in the relevant asset class. Diversification can assist with lowering the volatility and enhancing the potential returns of your investment in that asset class.

- **Professional investment management** – your investments are managed by experienced and proven investment teams.
- **Independent governance** – oversight of the Funds by Trustees Executors Limited (TEL).

The return on your investment comes from:

- any increase or decrease in the unit price; and
- any income distributions made from the Fund.

### Distributions

The NZ Core Fixed Interest Fund, NZ Corporate Bond Fund, Income Fund and Australasian Equity Income Fund intend to pay distributions quarterly for the distribution periods ending March, June, September and December. The other Funds do not pay distributions.

The unit price of these Funds will generally drop immediately after the end of a distribution period, reflecting the amount of distribution paid from the Fund. Distribution amounts you receive will depend on the number of units you hold at the end of the distribution period and the amount per unit to be distributed by the relevant Fund. Distribution amounts will vary between distribution periods and are not guaranteed. Some PIP or custodial services offer the option to either pay out or reinvest distributions. You will need to contact your service to see if this is available to you.

---

### Making investments

Investment into the Funds is only available via a PIP or custodial service that we deal with. Investments can be made by completing the application form and providing it to your service or financial adviser.

Your service will then apply to us for units in a Fund on your behalf. Some services have a minimum initial investment amount as well as minimum regular contribution amounts. Please refer to your service for any minimum requirements that may apply to you.

You may also invest via InvestNow [www.investnow.co.nz](http://www.investnow.co.nz).

Please see Section 10 of the PDS "How to apply" for more information or contact us at [contactus@harbourasset.co.nz](mailto:contactus@harbourasset.co.nz).

---

## Withdrawing your investments

---

To withdraw your investment in a Fund, you will need to complete a withdrawal form and provide it to your service. Your service will then forward this to us on your behalf. The number of units redeemed will be calculated by dividing the dollar amount by the unit price. Your service will deduct from your redemption proceeds an amount equal to any applicable PIE tax on income allocated to redeemed units and pay the net proceeds as soon as possible after we have processed the request, not exceeding 10 business days. Your service may impose minimum amounts you can withdraw and may require you to withdraw all of your investment if a withdrawal would cause your investment in a Fund to fall below a particular level. We may suspend withdrawals or delay payment from a Fund if it is in the best interests of all investors in the Fund or to protect a Fund's PIE status. If this is the case, you may need to wait for a longer period of time for your withdrawal proceeds.

These conditions are summarised in the "Other Material Information document" (**OMI**) on the offer register and are set out in full in the Trust Deed on the scheme register. Both registers can be found at [www.business.govt.nz/disclose](http://www.business.govt.nz/disclose) (**Disclose**).

---

## How to switch between Funds

---

You can switch between Harbour Investment Funds as often as you like by completing the relevant form and providing it to your service. You will need to contact your service to ensure their minimum switch amount has been met or the required balance is maintained in a Fund. A switch is essentially a withdrawal from one fund and an application into another. As such, any PIE tax will be deducted from the withdrawal with the remaining proceeds applied to the new Fund. There is no charge for switching.

# 3. Description of your investment option(s)

FUND NAME	SUMMARY OF INVESTMENT OBJECTIVES AND STRATEGY	TARGET INVESTMENT MIX	RISK CATEGORY	MINIMUM SUGGESTED INVESTMENT TIMEFRAME
Harbour NZ Core Fixed Interest Fund	<p><b>Objective:</b> To outperform the benchmark by 100 basis points per annum over a rolling three year period.</p> <p><b>Benchmark:</b> 50/50 weighted average of the S&amp;P/NZX Government Bond Index and S&amp;P/NZX A Grade Corporate Bond Total Return Index.</p> <p><b>Strategy:</b> The Fund is an actively managed investment grade bond fund that invests mainly in New Zealand Government and corporate fixed interest securities.</p>		<p>2</p> <p>This Fund has a low level of volatility</p>	<p>Medium to long term investment horizon</p> <p>Minimum 3 years</p>
Harbour NZ Corporate Bond Fund	<p><b>Objective:</b> To outperform the benchmark after fees on a rolling 12 month basis.</p> <p><b>Benchmark:</b> S&amp;P/NZX A Grade Corporate Bond Total Return Index.</p> <p><b>Strategy:</b> The Fund provides access to favourable income yields through a diversified portfolio of primarily investment grade corporate bond fixed interest securities.</p>		<p>2</p> <p>This Fund has a low level of volatility</p>	<p>Medium to long term investment horizon</p> <p>Minimum 3 years</p>
Harbour Income Fund	<p><b>Objective:</b> To exceed the Official Cash Rate (OCR) plus 3.5% pa over rolling three year periods.</p> <p><b>Benchmark:</b> 68% S&amp;P/NZX A Grade Corporate Bond Total Return Index; 16% S&amp;P/ASX200 Industrials Index (100% hedged to NZ dollars); and 16% S&amp;P/NZX Portfolio Index.</p> <p><b>Strategy:</b> The Fund will invest predominantly in a range of fixed income and equity securities that are compatible with generating a favourable level of income through different economic environments.</p>		<p>3</p> <p>This Fund has a low to medium level of volatility</p>	<p>Medium to long term investment horizon</p> <p>Minimum 4 years</p>
Harbour NZ Equity Advanced Beta Fund	<p><b>Objective:</b> To outperform the benchmark.</p> <p><b>Benchmark:</b> S&amp;P/NZX Portfolio Index.</p> <p><b>Strategy:</b> The Fund provides exposure to New Zealand equities. The Fund is designed to track the market index with some quantitative tilting to selected companies. 70% of the Fund mirrors the market index with the remaining 30% of the Fund tilted towards those companies in the index that score well on our financial models for value, yield &amp; growth.</p>		<p>4</p> <p>This Fund has a medium level of volatility</p>	<p>Medium to long term investment horizon.</p> <p>Minimum 5 years</p>
Harbour Australasian Equity Income Fund	<p><b>Objective:</b> To generate a higher yield than the New Zealand and Australian markets.</p> <p><b>Benchmark:</b> 60% S&amp;P/ASX Industrials Index (equally weighted and 90% hedged to NZD) and 40% S&amp;P/NZX Portfolio Index.</p> <p><b>Strategy:</b> The Fund is designed to generate quarterly income from a diversified portfolio of Australasian listed equities that pay sustainable and growing dividend yields (the amount a company pays out in dividends each year relative to its share price) as well as holding cash and fixed interest securities.</p>		<p>4</p> <p>This Fund has a medium level of volatility</p>	<p>Medium to long term investment horizon</p> <p>Minimum 5 years</p>

### Target investment mix

Each Fund has a long term target investment mix & investment limits within various asset classes to which the portfolios are managed. The actual investment mix will vary from the target investment mix, depending on many factors. Actual and target mix will be published each quarter in the relevant Fund update. Some of the Funds seek to achieve their objective by investing directly into wholesale Funds. For further information about each Fund's structure, investment limits & permitted investments, please refer to the Statement of Investment Policy and Objectives (SIPO) on Disclose.

### Changes to the SIPO

We can make changes to the SIPO for each Fund in accordance with the Trust Deed and the Financial Markets Conduct Act 2013. Before making changes to the SIPO, we will consider if the changes are in your best interests and consult with the Supervisor. We will give notice of changes to unit holders of the relevant Fund prior to effecting any material changes. The most current SIPO can be found on Disclose.

### Benchmark (or Market Index)

The term benchmark used in the table above, and throughout the documents, means the standard against which the performance of the Fund is measured. For each Fund, the market index or combined market index(es) used to measure the performance (the Fund's Benchmark) can be seen. Our use of the various market indices referred to here are subject to certain terms, conditions and disclaimers as described in the OMI, on Disclose.

Further information about the assets in the Funds can be found in the fund updates on our website [www.harbourasset.co.nz](http://www.harbourasset.co.nz).

# 4. What are the risks of investing?

## Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

An example risk indicator is below.

The risk indicator for each Fund can be found on page 3 of this PDS.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-kickstarter](http://www.sorted.org.nz/tools/investor-kickstarter).

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading "Other specific risks") that are not captured by this rating.

This risk indicator is not a guarantee of a Fund's future performance. The risk indicator is based on the returns data for the five years to 31 March 2017.

While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest quarterly fund update for these Funds (once available).

## General investment risks

Some of the things that may cause a Fund's value to move up and down, which affect the risk indicator, are:

**Investment return risk** – you may not receive the returns that you expect, and the capital value of your investment may end up less than originally invested (or may be lost in full), or fully realise your investment in a Fund when you need it.

**Manager Specific risk** – risk relating to us as a company and the risks around how we manage and operate our business, including the making of investment decisions. This includes our company specific risk (changes to our operations and ownership structure), key personnel & service provider risk.

**Currency risk** – for the Funds that invest into Australian and global equities, or non NZD denominated bonds, currency risk may affect the value of investments due to movements in the NZ, Australian and global exchange rates. The currency management policy (or hedging) for each Fund is detailed in the Harbour Investment Funds SIPO.

**Performance risk** – past performance is no guarantee of future performance. There is a risk that in the future a Fund will not achieve its investment objectives or provide the same level of historical performance.

## Other specific risks

**Concentration risk** – for the Australasian Equity Focus Fund, this Fund has a concentrated portfolio, meaning we will have large positions in companies that our investment team rate highly. This Fund is not as diversified as our other Funds on a number of holdings basis. This introduces a higher level of risk to the Fund.

**Liquidity risk** - the Income Fund has the ability to invest in loans and securities that may exhibit poor liquidity particularly in adverse market environments. Securities held by Harbour's fixed interest funds may also experience liquidity risk.

More information on these and other risks we believe you should carefully consider before making your investment can be found in the OMI on Disclose.

# 5. What are the fees?

You will be charged fees for investing in the Funds. Fees are deducted from your investment and will reduce your returns. If we invest in other funds, those funds may also charge fees. The fees you pay will be charged in the form of regular charges – for example annual fund charges. Small differences in these fees can have a big impact on your investment over the long term.

FUND NAME	MANAGEMENT FEE EX. GST	ESTIMATE OF OTHER FEES EX. GST	ESTIMATED TOTAL ANNUAL FUND CHARGES* EX. GST
Harbour NZ Core Fixed Interest Fund	0.53%	0.10%	0.63%
Harbour NZ Corporate Bond Fund	0.54%	0.09%	0.63%
Harbour Income Fund	0.50%	0.13%	0.63%
Harbour NZ Equity Advanced Beta Fund	0.41%	0.13%	0.54%
Harbour Australasian Equity Income Fund	0.79%	0.26%	1.05%
Harbour Australasian Equity Fund	0.92%	0.18%	1.10%
Harbour Australasian Equity Focus Fund	0.95%	0.31%	1.26%
T. Rowe Price Global Equity Growth Fund	1.05%	0.17%	1.22%

\* Estimated Total Annual Fund Charges are a percentage of Net Asset Value of a Fund and include an estimate of applicable underlying fund charges. Actual charges for the most recent financial year are available in the latest fund updates. For more information on the basis of estimation of fees, underlying fees, performance fees and expenses, see the OMI.

Estimated total annual fund charges are made up of:

## Management fee

We charge an annual management fee (plus GST, as applicable) to each Fund. This fee covers the investment management of the Fund. These fees are accrued daily in each Fund's unit price.

## Other fees

These charges (plus GST, as applicable) cover the general management of a Fund e.g. Supervisor fees and the outsourced fund administration functions of unit pricing, investment accounting, registry and custody, legal, and audit fees, and costs required to comply with relevant legislation. These charges are an estimate. There are also underlying fund administration charges included in the "Estimate of Other Fees" calculation where retail funds hold units in the Harbour Wholesale Funds. More information on these charges can be found in the OMI. Actual charges for the most recent financial year are available in the latest quarterly fund update (once available).

## Performance-based fees

These are performance fees (plus GST, as applicable) charged in a Fund or in a related underlying fund into which a Fund invests, if the Fund's performance beats the applicable benchmark over a defined time period. They are estimates calculated on the basis of the High Water Mark (**HWM**) we have imposed for performance fee calculations as described in the OMI. HWM is the base unit price used to measure performance. A perpetual HWM is only ever reset higher when a performance fee is paid. Actual performance-based fees for the most recent financial year will be available in the latest quarterly fund update (once available).

We may be paid a performance based fee for the Australasian Equity Fund & the Australasian Equity Focus Fund if outperformance is achieved and the HWM unit price is exceeded. For more information refer to the OMI on Disclose.

The below tables summarise criteria that needs to be met in order for the performance fee to be paid.

### Harbour Australasian Equity Fund

<b>Hurdle rate of return</b>	Benchmark (S&P/NZX 50 Index) plus 1.00%
<b>Amount of fee</b>	10% of the Fund's performance above hurdle rate of return.
<b>Maximum limit</b>	Outperformance is capped at 10% ie there will be no performance fee chargeable for outperformance of more than 10% above the benchmark.
<b>High Water Mark (HWM)</b>	Yes – perpetual HWM
<b>Frequency of payment and calculation</b>	Calculated daily and paid annually, on 1 January each year if required conditions are met.

### Harbour Australasian Equity Focus Fund

The Harbour Australasian Equity Focus Fund invests into our wholesale Harbour Australasian Equity Focus Fund. That wholesale fund charges a performance-based fee on the following basis:

<b>Hurdle rate of return</b>	Benchmark (50% S&P NZX 50 Net Index and 50% S&P/ASX 200 Index, hedged 50% to NZD) plus 1.00%
<b>Amount of fee</b>	10% of the Fund's performance above the hurdle rate of return.
<b>Maximum limit</b>	Outperformance is capped at 10% ie there will be no performance fee chargeable for outperformance of more than 10% above the benchmark.
<b>High Water Mark (HWM)</b>	Yes – perpetual HWM
<b>Frequency of payment and calculation</b>	Calculated daily and paid annually on 1 January each year if required conditions are met.

The above performance-based fees are accrued and adjusted into the Fund's unit price on a daily basis until a performance-based fee is paid, if applicable, at the end of each calendar year.

### Example of how fees apply to an investor

Joe invests \$10,000 in the Harbour Australasian Equity Income Fund. He is not charged an establishment fee or contribution fee. This brings the starting value of his investment to \$10,000.

He is charged a management fee and other expenses, which work out to about \$105 (1.05% of \$10,000). These fees might be more or less if his account balance has increased or decreased over the year.

Joe may also be charged a performance-based fee if his fund charges a performance-based fee and earned more than its target. The Harbour Australasian Equity Income Fund in which Joe invests, does not charge a performance-based fee.

### Estimated total fees for the first year

Individual Action Fees	\$nil
Fund charges	\$105
Other charges	\$nil

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

Note that you may incur additional fees from the PIP or custodial service you use.

This example applies only to the retail Harbour Australasian Equity Income Fund. If you are considering investing in other Funds, this example may not be representative of the actual fees you may be charged.

### The fees can be changed

The existing fees may be changed or new fees imposed in accordance with the Trust Deed and applicable law.

We must publish a quarterly fund update for each Fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at [www.harbourasset.co.nz](http://www.harbourasset.co.nz).

## 6. What taxes will you pay?

Each Fund is a portfolio investment entity (PIE). The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to [www.ird.govt.nz/toii/pir/workout/](http://www.ird.govt.nz/toii/pir/workout/).

If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell your service your PIR when you invest or if your PIR changes. If you

do not tell your service, a default rate may be applied. If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate or the advised PIR is higher than the correct PIR, you will not get a refund of any overpaid tax. For more information on taxation please refer to the OMI on Disclose.

## 7. Who is involved?

### About Harbour

Harbour is a specialist New Zealand based fund manager with a goal to be most trusted. We aim to do this by having experienced people with proven track records working closely as a team. Our investment team has an average of 20 years' experience.

We are a very research-focused team. We use this research to drive the active management of our portfolios, following a structured and tested process, with a careful eye to risk management.

We can be contacted at:

Level 16, 171 Featherston Street  
WELLINGTON 6140  
Telephone: 04 460 8300  
E-mail: [contactus@harbourasset.co.nz](mailto:contactus@harbourasset.co.nz)

Information about key personnel for each Fund can be found in the OMI on Disclose or on our website [www.harbourasset.co.nz](http://www.harbourasset.co.nz).

### Who else is involved?

	NAME	ROLE
Supervisor	Trustees Executors Limited	Supervisor of the Harbour Investment Funds under the Financial Markets Conduct Act 2013, responsible for supervising us as manager of the Funds.
Custodian	Trustees Executors Limited through its nominee, T.E.A. Custodians Limited	Holds the assets of the Funds on behalf of investors.
Administration Manager	Trustees Executors Limited	Appointed by us to provide various administration functions in respect of the Funds, including registry, unit pricing and investment accounting.
External Investment Manager	T. Rowe Price International Ltd	Appointed by us to act as external investment manager of the T. Rowe Price Global Equity Growth Fund.
Auditor	Pricewaterhouse Coopers	Auditors of the Scheme and the Funds.

## 8. How to complain

Any complaints about the Funds can be made to us at the contact address in Section 7 of the PDS, "Who is involved?".

You can also complain to the Supervisor at:

Trustees Executors Limited  
Level 5, 10 Customhouse Quay  
PO Box 3222  
WELLINGTON 6011  
Telephone: 04 495 0999  
Facsimile: 04 496 2952

The Supervisor and ourselves are members of Financial Services Complaints Limited's Dispute Resolution Service which is an independent dispute resolution scheme approved originally by the Ministry of Consumer Affairs, now MBIE.

If you have made a complaint to us and it has not been resolved within 40 days or if you are dissatisfied with the proposed resolution, you can refer it to:

Financial Services Complaints Limited (FSCL)  
Level 4, 101 Lambton Quay  
PO Box 5967  
WELLINGTON 6145  
(Call Free) 0800 347257  
(Wellington) (04) 472FSCL (472 3725)

FSCL will not charge a fee to any complainant to investigate or resolve a complaint. Further information about referring a complaint to FSCL can be found at [www.fscl.org.nz](http://www.fscl.org.nz).

## 9. Where you can find more information

Further information relating to the Harbour Investment Funds (for example, financial statements) is available on the offer register and the scheme register at [www.business.govt.nz/disclose](http://www.business.govt.nz/disclose) and a copy of information on the offer register or scheme register is available on request to the Registrar of Financial Service Providers.

Other information we will provide:

INFORMATION	HOW TO OBTAIN
Weekly unit price	Weekly unit prices are available on our website <a href="http://www.harbourasset.co.nz/unit-prices/">www.harbourasset.co.nz/unit-prices/</a> .
Relevant Fund information	You can inspect documents we hold that are relevant to you, and other documents that are legally required to be provided to you, at our offices during normal business hours, or request an extract of those documents, by written request to us.
Fund updates	Once available, the fund updates for the Funds will be publically available on our website.
PIE tax statement	Your service will provide you with an annual PIE tax statement.

# 10. How to apply

---

There are several ways you can invest in the Harbour Investment Funds. Firstly, we recommend you speak to a Financial Adviser who can provide personalised financial advice. The Financial Markets Authority provides a list of registered financial advisers.

To invest in the Fund, you will need to complete our application and deliver this to the PIP nominated by your financial adviser, the custodial service or to your financial adviser, together with any other documents requested and pay your initial investment amount to the PIP's or custodial services trust account. The PIP or the custodial service then makes an application for units in the Fund to us on your behalf.

If you prefer to be self-directed, you can set up an account with InvestNow (who are a PIP) and access the Harbour Investment Funds through this website. Go to [www.investnow.co.nz](http://www.investnow.co.nz) for more information.

For more information on the Harbour Investment Funds or investing with Harbour please e-mail [contactus@harbourasset.co.nz](mailto:contactus@harbourasset.co.nz)

## Investing through a PIP or custodial service

You can invest in the Harbour Investment Funds through a PIP or custodial service we deal with. As such you will not become a direct investor in a Fund and will not have a direct relationship with the Supervisor or ourselves. Instead, the Supervisor and ourselves have a direct relationship with the PIP or custodial service and they will be able to exercise any rights attached to units held.

We will send all reports, distribution notifications, and documentation to the PIP or custodial service, not directly to you.

We may have entered into an arrangement with the PIP or custodial service in relation to investing in the Funds. As such, you should contact your financial adviser, PIP or custodial service for more information on the minimum investment or withdrawal levels, cut off times for applications and withdrawals and any fees applicable to their service.
