What are the risks?

See ‘*What are the risks of investing?*’, on page 10 for an explanation of the risk indicator and for more information about other risks that are not included in the risk indicator. To help clarify your own attitude to risk, you can seek independent financial advice or work out your own risk profile at www.sorted.org.nz/tools/investor-profiler.

Who manages the Scheme and the Fund?

The Manager of the Scheme and the Fund is Clarity Funds Management Limited (**Clarity**), and Clarity has appointed TAHITO Limited as the investment adviser for the Fund. See section 7 (*Who is involved?*) for more information.

How can you get your money out?

You may withdraw all, or part, of your investment at any time by delivering a notice to us in writing to that effect. Minimum withdrawal amounts apply. Payment will normally be made within 7 business days of receipt of your request by us. In some circumstances, we may suspend or defer withdrawals where we consider there is a material adverse change in the position of the Fund or it is advisable in the interests of investors in the Fund.

Your investment in the Fund cannot be sold or transferred to any other person. See section 2 (*How does this investment work?*) for more information on making withdrawals.

How will your investment be taxed?

The Fund is a registered portfolio investment entity (**PIE**). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (**PIR**). To determine your PIR, go to www.ird.govt.nz/toii/pir/workout. See section 6 of this PDS (*What taxes will you pay?*) for more information.

Where can you find more key information?

Clarity is required to publish quarterly updates for the Fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at www.tahito.co.nz. We will also give you copies of those documents on request.

This PDS is an offer of units in the TAHITO Te Tai o Rehua Fund. The Fund is a Māori indigenous ethical and sustainable fund. The Fund is actively managed and integrates Māori values and Environmental, Social and Governance (ESG) data to select investments.

The TAHITO Te Kōwhiringa Tapu is the investment process for measuring companies. The process combines Māori ancestral knowledge with sophisticated ESG data capture technology and strong financial analysis. In applying this investment approach, we are endeavouring to select New Zealand and Australian companies that best display collective and relational ethics and behaviours derived from indigenous Māori culture and ancestry which places people and the environment first and centres on the connection and interdependence of all living things.

The TAHITO investment process is set out in detail in the TAHITO Environmental, Social and Governance – Sustainability, Ethics and Impact Policy, which is available at www.tahito.co.nz.

The Fund is constituted within the Clarity Funds Scheme, a managed investment scheme that is governed by a Trust Deed dated 12 August 2019.

A managed investment scheme enables investors to pool their investments together to achieve benefits that may not be possible individually, including access to a wider range of assets and greater investment diversity. The Fund offers professional investment management, ease of administration, and utilises the benefit of the PIE tax regime.

The money you invest buys units in the Fund. The price of each unit you receive depends on the value of the Fund at the time you invest. We calculate the unit price by dividing the Net Asset Value of the Fund by the number of units the Fund has on issue. We also have the discretion to include trading costs in determining the unit price received. The unit price is calculated each business day and published on our website. The daily unit price of the Fund will change as the market value of the Fund's assets change. The return on your investment is reflected in any increase or decrease in the unit price.

Units do not give you legal ownership of the Fund's assets, however they do give you rights to the returns earned on those assets.

The number of units you have (your unitholding), when multiplied by the unit price, gives you the total value of your investment in the Fund (although the impact of tax can result in a change in the number of units you hold, up or down, as the unit price is calculated before tax).

The assets of the Fund are separate and are not available to meet the liabilities of any other fund in the Scheme.

Investment decisions are very important. They often have long-term consequences. We recommend you read all documents carefully. Ask questions. Seek advice from relevant professionals before committing yourself.

Distributions

The Fund does not currently distribute income, and as such any accrued income for the Fund is reflected in the Fund's unit price.

Making investments

You can invest by completing the application form accompanying this PDS and sending it back to us. Please ensure all required information is provided, including how much you would like to invest.

Type of Contribution	Minimum Amount
Minimum initial investment amount	\$1,000
Minimum additional investment amount	\$500

We may, at our discretion, change the minimum investment amounts, and the minimum balance, and accept applications for investments below the stated minimum amount.

We may accept or refuse any application either in whole or part. Application monies received in respect of rejected applications will be refunded, without interest.

Your investment will only proceed once the Administration Manager confirms with us that the funds received have been cleared.

The unit price is determined as at the end of each business day. We will issue your units at the unit price for the Fund. We also have the discretion to include trading costs in determining the unit price received.

If your application is received and accepted by the Administration Manager before 1.00pm on a business day, units will be issued to you at the price determined as at that day. If your application is received and accepted after 1.00pm, units will be issued to you at the price determined as at the end of the following business day.

Withdrawing your investment

You may withdraw all or part of your investment (subject to any minimum amounts that apply) in the Fund by delivering a notice to us in writing to that effect. Units will be withdrawn and paid into your nominated bank account, which must be in the name of the investor.

Type of Withdrawal	Minimum Amount	Condition
Minimum withdrawal amount	\$500	If your withdrawal would make your investment fall below \$1000 you must withdraw all of your investment.

We may, at our discretion, change the minimum withdrawal amount and the minimum balance, and accept withdrawals below the stated minimum amounts.

Ka whakaritea te utu o te wāhanga i te mutunga o ia rā pakihī. Ka unu mātou i tō haumitanga, ki tō pūkete pēke tapa, ki te utu wāhanga mō te Tahua. Kei a mātou hoki te tikanga mēnā ka tāpirihia ngā utu hokohoko hei whakarite i te utu wāhanga ka tukuna.

He pēhea te whakawhiti mai i tētahi tahua ki tētahi atu

Ka āhei koe te tono kia whakawhiti i tētahi wāhanga, i te katoa rānei i roto i te Tahua ki tētahi atu tahua i roto i te Kaupapa. Tēnā, tirohia te Clarity Funds me te Enhanced Cash PIE PDS's. Ko ngā tono whakawhiti oti, ka utua i te utu wāhanga tata e wātea ana. Ka whakaritea ngā whakawhiti hei tono unuhanga me tētahi tono anō ā muri iho ki tētahi atu tahua.

Whakapā mai mō ētahi atu mōhiohio.

The price of a unit is determined as at the end of each business day. We will withdraw your investment and pay the proceeds into your nominated bank account, at the unit price for the Fund. We also have the discretion to include trading costs in determining the unit price received.

If your withdrawal request is received by the Administration Manager prior to 1.00pm, the price applicable to your withdrawal request will be the price determined as at that day. If your withdrawal request is received after 1.00pm on a business day, the applicable price will be the unit price determined as at the end of the following business day.

Under the Trust Deed, we may, in certain circumstances, suspend or defer the **withdrawal** of units. We will do this when we, in good faith, determine that it is in the general interests of all investors to defer or suspend immediate **withdrawal** of units. We must obtain the Supervisor's prior agreement where this will be for a period longer than two weeks. These conditions are set out in the Clarity Funds Other Material Information document which is available at <https://disclose-register.companiesoffice.govt.nz/>.

How to switch between funds

You can request to switch part or all of your investment from the Fund to another fund within the Scheme. Please refer to the Clarity Funds and Enhanced Cash PIE PDS's. Completed switch requests will be made on the next available unit price. Switches will be treated as a withdrawal request from the Fund and a subsequent application into another fund.

Please contact us for more information.

3. Description of your investment option

Investment Strategy and Objectives

Objective: The Fund will provide actively managed exposure to a portfolio of primarily New Zealand and Australian companies that have been selected in accordance with the TAHITO investment philosophy. The Fund aims to generate a better return than the benchmark over the medium to long term.

Strategy: The Fund is an indigenous ethical and sustainable fund. The Fund uses positive ESG integrated screens in selecting investments. Māori indigenous values and principles serve as the foundation to the Fund’s philosophy and investment selection process. The Fund aims to generate capital growth over the medium to long term by active management of a select portfolio of well researched New Zealand and Australian companies.

Benchmark: 50% S&P/NZX50 Portfolio Index Gross with Imputation and 50% S&P/ASX200 Accumulation Index in New Zealand dollars.

Target Investment Mix	Risk Indicator	Minimum Suggested Investment Timeframe

The above table is a summary of the TAHITO Te Tai o Rehua Statement of Investment Policy and Objectives (SIPO). The Māori indigenous values and ethical principles are explained in more detail in the SIPO. We regularly review the SIPO. We may amend it in accordance with the terms of the Trust Deed, subject to the provisions of the FMC Act.

Before we make changes, we will consider if the changes are in the best interests of investors and consult with the Supervisor. Where material, we will give you written notice at least 30 days before the date on which the revision takes effect.

You will find the most current version of the SIPO at <https://disclose-register.companiesoffice.govt.nz/>.

Further information about the assets in the Fund can be found in the Fund Updates at www.tahito.co.nz.

Responsible Investment

In addition to the Fund investing in line with its own Environmental, Social and Governance – Sustainability, Ethics and Impact Policy (ESG-SEI Policy), it is certified by the Responsible Investment Association of Australasia (RIAA). RIAA certification signifies that the Fund has implemented an investment style and process that systematically takes into account environmental, social, governance or ethical considerations, and the reliability of the investment process has been verified by an external party. Certification also signifies that the Fund adheres to the strict operational and disclosure practices required by RIAA’s Certification Program. Further information can be found in our TAHITO ESG-SEI Policy at www.tahito.co.nz.

4. He aha ngā tūraru o te haumi? What are the risks of investing?

Te mārama ki te tūtohu tūraru

Me whai ngā tahua taurima o Aotearoa i te tūtohu tūraru ahuwhānui. Ko te tikanga o te tūtohu Tūraru hei āwhina i ngā kaihaumi kia mārama ki ngā ngākauruatanga o te ngarohanga me te whanaketanga ka pā ki tā rātou haumitanga. Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

The risk indicator for the Fund can be seen in section 3 (*Description of your investment option*).

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the Fund's assets can go up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at www.sorted.org.nz/tools/investor-profiler.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance.

The risk indicator is based on returns data for the 5 years to **30 November** 2024.

While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest Fund Update for the Fund.

Ngā tūraru haumitanga whānui

Ko ētahi o ngā mea ka whakapiki, ka whakaheke rānei i te uara o te tahua, ā, ka whakaaweawe i te tūtohu tūraru, ko:

Te Tūraru Taiahumoni

He maha ngā āhuatanga e whakaaweawe ana i te whaihua taiahumoni ahumoni, nā reira ka piki, ka heke te uara o ngā haumitanga. Ko ngā āhuatanga ohaoha, tōrangapū, tāke, waeture hoki tae atu ki te kakare whānui o te taiahumoni. Ka pāngia te whaihua o ngā kāwai rawa me ngā kāwai rawa takitahi e ēnei āhuatanga, ētahi āhuatanga pakihi whāiti rānei. Ka whakaitia te tūraru mā te pupuri i te huinga haumitanga kanorau o ngā taurewa.

Tūraru Moni me te Whakarauhī

Ko te tūraru o te ngaronga moni i ngā pāpātanga whakawhiti tāwāhi e mānenei ana. Ka whakamātau mātou ki te whakaiti i te tūraru o ngā huranga moni mā te whakamāmā i te whakaaweawe o ngā mānenei moni mā te whakamahi i ngā kirimana tōmua e here ana i te pāpātanga whakawhiti mō te kurutete moni ā muri ake nei, e kīia ana he 'whakarauhī'. Ka whakarato te whakarauhī moni i te parenga ki ngā panonitanga i roto i ngā pāpātanga whakawhiti moni.

Tūraru Māngohe

Ko te tūraru kāore e taea te hokohoko i te haumitanga i ētahi wā mēnā he āhuatanga taiahumoni tākohukohu e uaua ai te tahuri rawa hei moni. Ka pā kinotia pea te hātepetanga o ngā kurutete Tahua, ā, he takaroa pea te whiwhinga a te kaihaumi i ngā tahua i tonoa. Ka whakahaeretia te tūraru māngohe mā te whakakanorau i ngā pūtea taurewa e pupuritia ana me te pupuri hoki i ngā rawa māngohe rahi hei taurima i ngā herenga wā poto.

Tūraru Hua Haumitanga

Kāore e kī taurangi ana te whaihua i mua ki te whaihua ā muri ake. Tērā te tūraru kāore e whakatutukihia ngā whāinga haumitanga o te Tahua, ka iti iho rānei te whaihua i te tātai paeraro rānei i roto i te angawā haumitanga mōkito. Ka taurimāhia tēnei tūraru mā te aroturuki riterite o te whaihua o te Tahua me te tohanga rawa e whāia ana e te Kaitaurima.

General investment risks

Some of the things that may cause the Fund's value to move up and down, which affect the risk indicator, are:

Market Risk

Many factors affect financial market performance, meaning that the value of investments rise and fall as a result. This could be economic, political, tax and regulatory conditions as well as general market sentiment. The performance of asset categories and individual asset categories could be impacted by these or business specific conditions. The risk is mitigated by holding a diverse portfolio of securities.

Currency and Hedging Risk

The risk of losses from fluctuating foreign exchange rates. We may seek to mitigate the risk of currency exposures by offsetting the impact of currency fluctuations by the use of forward contracts that will lock in an exchange rate for a currency transaction at a future date, known as 'hedging'. Currency hedging provides some protection against changes in currency exchange rates.

Liquidity Risk

The risk that an investment cannot be traded for periods in volatile and illiquid market conditions. This may affect the processing of fund transactions and there could be a delay in an investor receiving requested funds. Liquidity risk is managed by diversifying the securities held and holding enough liquid assets to manage short-term obligations.

Investment Return Risk

Past performance is no guarantee of future performance. There is a risk that the investment objectives of a fund may not be met or the fund underperforms its benchmark index over the suggested minimum investment timeframe. This risk is managed through the regular monitoring of the Fund's performance and target asset allocation by the Manager.

Ētahi atu tūraru tauwhāiti

Ko te Tahua he Otinga Ahumoni Pāhekoheko, ko te whakamāramatanga e whai whakaarohia ana ngā āhuatanga ahumoni, ahumoni kore hoki ina whakamahi ina whakatau ana i te whakangao. E rapu ana a TAHITO, i ngā kamupene e tiarohia ana ki ngā uara tīpuna Maori, ā, ka whakamahi a TAHITO i ngā aweretanga me te tauārai angitu kia whakatutuki i tēnei, e āta whakamāramahia anōtia ai i roto i te TAHITO SIPO. Ko tētahi putanga pea o te aro atu ki ngā āhuatanga tē ahumoni, he iti pea ngā kōwhiringa whakangao, he iti iho pea ngā hua e puta ai rānei i ngā tahua kāore e aro atu ki ngā āhuatanga ahumoni kore ina whakatau ana i te whakangao.

E wātea ana ētahi atu mōhiohio e pā ana ki ngā tūraru i roto i te Clarity Funds Management pukapuka Other Material Information ki <https://disclose-register.companiesoffice.govt.nz/>.

Ka tūtohu mātou kia rapu koe i te tohutohu ngaio i mua i te haumi ki te Tahua kia mārara he aha ngā tūraru e hāngai ana ki tēnei haumitanga, otirā e pā ana ki ōu ake āhuatanga.

Other specific risks

The Fund is an Integrated Financial Product which means that both financial and non-financial factors are considered when making investment decisions. In TAHITO's case, companies who align with Maori ancestral values are sought and TAHITO utilises exclusions and positive screening to do this, which is further explained in the TAHITO SIPO. As a result of considering non-financial factors, investment opportunities may be limited and/or the fund may produce more modest returns than funds who do not take non-financial factors into consideration when making investment decisions.

More information relating to risks is available in the Clarity Funds Other Material Information document, which is available at <https://disclose-register.companiesoffice.govt.nz/>.

We recommend that you seek professional advice before investing in the Fund to understand what risks are associated with this investment, especially in relation to your personal circumstances.

5. He aha ngā utu? What are the fees?

Ka tukua he utunga ki a koe mō te haumi ki te Tahua. Ka tangohia ngā utunga i tō haumitanga, ā, ka whakaiti i ō hua. E rua ngā tūmomo utunga ki a koe:

You will be charged fees for investing in the Fund. Fees are deducted from your investment and will reduce your returns. The fees you pay will be charged in two ways:

- regular charges (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term;
- one-off fees (for example, contribution fees). Currently there are no one-off fees charged by Clarity.

Total annual fund charges

Total fund charges, as a percentage of net asset value (excluding GST)		
Estimated Management Fee	Estimated Other Administration Charges and Expenses	Estimated Total Annual Fund Charges
0.85%	0.35%	1.20%

The total annual fund charges (excluding GST and any extraordinary expenses) shall not exceed the amounts shown above for the Fund. Fees are accrued daily, paid monthly in arrears to us and reflected in the unit price.

The charges outlined above cover:

Management fee: A management fee is accrued daily in the unit price of the Fund and is payable to Clarity as Manager. A portion of this fee is paid to TAHITO for its Investment Advisory services.

Administration fee: An administration fee is accrued daily in the unit price of the fund. This fee covers other expenses including supervisor, custodian, administration manager, unit registrar, unit pricing, fund accounting, legal, audit regulatory and compliance.

Brokerage and other transaction costs are paid directly by the fund. Under the terms of Funds governing document, other expense such as one off costs and taxes may also be charged to the Fund. Total Fund Charges for the previous financial year are available in the latest Fund Update.

Spreads: We do not typically apply a spread to our unit price. However, we may apply a spread to particularly large applications or redemptions, or during periods of heightened market volatility. This is done to protect non-transacting investors from the transaction costs related to buying or selling underlying securities.

Mā mātou e panoni ngā horapatanga me te kore pānui mēnā e whakaaro ana mātou he tika i raro i ngā āhuatanga o te taiahumoni.

Example of how fees apply to an investor

Sarah invests \$100,000 in the TAHITO Te Tai o Rehua Fund.

She is charged management and administration fees, which work out to about \$1,200 (1.20% of \$100,000). These fees might be more or less if her account balance has increased or decreased over the year.

Estimated total fees for the first year:

*** Fund charges: \$1,200 plus GST**

See the latest Fund Update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the TAHITO Te Tai o Rehua Fund. If you are considering investing in other funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

We can change the fees charged from time-to-time, with the approval of the Supervisor. We will give you three months' written notice before any fees are increased.

Clarity must publish a Fund Update for the Fund showing the fees actually charged during the most recent year. Fund updates are available at www.tahito.co.nz.

6. He aha ngā tāke ka utu koe? What taxes will you pay?

TAHITO

He hinonga huinga haumitanga te Tahua. Ka hāngai te rahi o te tāke ka utu koe ki tō pāpātanga kaihaumi kua tūtohua (**PIR**). Ki te whakarite i tō PIR, haere ki www.ird.govt.nz/toii/pir/workout. Ki te kore koe e mōhio ki tō PIR, ka tūtohu mātou kia rapu koe i te tohutohu ngaio, whakapā atu rānei ki te Tari Taake.

Ka noho haepapa koe ki te whakamōhio atu ki a Clarity tō PIR ina haumi ana koe, ina panoni ana rānei tō PIR. Ki te kore koe e whakamōhio mai, ka pā pea te pāpātanga taunoa. Mēnā he iti iho te PIR ka whakamōhio mai i te PIR tika, me whakaoti koe i te whakahokinga tāke matawhaiaro me te utu i tētahi itinga tāke, monihua, me ngā hāmene hoki. Mēnā he nui ake te pāpātanga taunoa, he nui ake rānei te PIR i whakamōhio mai i te PIR tika, ka āhei koe ki te whakaoti i te whakahokinga tāke matawhaiaro, ā, ko ngā tāke tāpiri i utua e te Kaupapa mōu ka whakaiti pea i tō nama tāke whiwhinga pūtea mō taua tau whiwhinga pūtea, ā, nā reira ka puta mai pea he whakahokinga tāke.

He rerekē te tūnga tāke o ngā kaihaumi katoa, ā, ka whakatenatena mātou i a koe ki te rapu i tōu ake tohutohu tāke i mua i te haumitanga.

The Fund is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (**PIR**). To determine your PIR, go to www.ird.govt.nz/toii/pir/workout. If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department.

It is your responsibility to tell Clarity your PIR when you invest or if your PIR changes. If you do not tell us, a default rate may be applied. If the advised PIR is lower than the correct PIR, you will need to complete a personal tax return and pay any tax shortfall, interest, and penalties. If the default rate, or the advised PIR, is higher than the correct PIR, then you may complete a personal tax return and any additional tax paid by the Scheme on your behalf may reduce your income tax liability for that income year, and may give rise to a tax refund.

All investors have different tax positions and we encourage you to seek your own tax advice prior to investing.
