# Mercer Investment Funds

Ethical Leaders Diversified Funds

# 01/Key information summary

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Mercer (N.Z.) Limited will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Mercer (N.Z.) Limited, and of its investment managers and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

Fund	Investment objective	Risk indicator	Estimated charges (estimated) (of the value of the fund's assets each year)	Indicative buy/sell spread** (of each investment/redemption)
<b>Mercer Ethical Leaders Balanced Fund</b>	The fund is a diversified portfolio with a slightly higher allocation to a mix of growth assets (e.g., shares and listed infrastructure) relative to a mix of income assets (e.g., cash and fixed interest). The fund is managed with reference to environmental, social and governance factors and has exposure to investment strategies targeting sustainability themes. This fund has additional exclusions applied as described in our Sustainable Investment Policy* and has been certified by the Responsible Investment Association of Australasia.***	<div style="display: flex; justify-content: space-between; font-size: small;"> <span>Lower risk</span> <span>Higher risk</span> </div> <div style="display: flex; align-items: center; justify-content: center;"> <div style="display: flex; gap: 5px;"> <div style="background-color: #007060; color: white; padding: 2px 5px;">1</div> <div style="background-color: #007060; color: white; padding: 2px 5px;">2</div> <div style="background-color: #007060; color: white; padding: 2px 5px;">3</div> <div style="background-color: #808080; color: white; padding: 2px 5px;">4</div> <div style="background-color: #007060; color: white; padding: 2px 5px;">5</div> <div style="background-color: #007060; color: white; padding: 2px 5px;">6</div> <div style="background-color: #007060; color: white; padding: 2px 5px;">7</div> </div> </div> <div style="display: flex; justify-content: space-between; font-size: x-small; margin-top: 5px;"> <span>Potentially lower returns</span> <span>Potentially higher returns</span> </div>	1.30%	0.12% / 0.12%

See section 4 of the product disclosure statement, "What are the risks of investing?" on page 8 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-profiler](http://www.sorted.org.nz/tools/investor-profiler).

\*The Sustainable Investment Policy is available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) in the document titled 'Other material information', located under the 'Documents' tab on the managed fund offer register for the Mercer Investment Funds.

\*\*These buy/sell spreads are stated as at the date of the product disclosure statement and are indicative only. They may change at any time without notice to investors. For more information about buy/sell spreads and how they are calculated see section 5 of the PDS "What are the fees?" on page 9.

\*\*\*RIAA is the industry body representing responsible and ethical investors across Australia and New Zealand. For more information on RIAA and what certification means, please see the offer register at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) in the document titled 'Other material information', located under the 'Documents' tab on the managed fund offer register for the Mercer Investment Funds.

## Who manages the Mercer Ethical Leaders Balanced Fund?

The manager of the fund is Mercer (N.Z.) Limited (**Manager, we, us or our**).

See section 7 of the product disclosure statement (PDS), *"Who is involved?"* on page 11 for more information about us.

## How can you get your money out?

You may at any time request the redemption of some or all of your investment. Payment will normally be made within 10 business days of the Manager receiving a redemption request from you.

We have the ability, in certain circumstances, to suspend redemptions (for instance, where we believe, in good faith, that it is not practicable or would be prejudicial to investors' interests for the Supervisor to realise assets or borrow to permit redemptions – this could be because of market or asset conditions or other circumstances).

See section 2 of the PDS, *"How does this investment work?"* on page 5 for more information.

Your investment in the Mercer Ethical Leaders Balanced Fund can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

## How will your investment be taxed?

The fund offered under this PDS is an investment option under the Mercer Investment Funds scheme. The Mercer Investment Funds scheme is a Portfolio Investment Entity (**PIE**).

The amount of tax you pay in respect of a PIE is based on your Prescribed Investor Rate (**PIR**). To determine your PIR go to [ird.govt.nz/pir](http://ird.govt.nz/pir).

See section 6 of the PDS, *"What taxes will you pay?"* on page 11 for more information.

## Where can you find more key information?

Mercer (N.Z.) Limited is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [www.multimanager.mercer.co.nz](http://www.multimanager.mercer.co.nz). The Manager will also give you copies of those documents on request.

## 02/How does this investment work?

This PDS is an offer to purchase units in the Mercer Ethical Leaders Balanced Fund. The fund offered under this PDS is constituted within a managed investment scheme that is governed by a trust deed dated 24 November 2015 as amended and restated on 6 March 2023 (the Mercer Investment Funds Trust Deed).

The money you invest buys units in the fund you choose. The fund invests in assets, such as other funds. The units do not give you legal ownership of the fund's assets but they do give you rights to the returns from the assets.

The price of each unit depends on the value of the fund at the time you invest and any buy spread that applies to that fund. We calculate the unit price for the fund by dividing the Current Value of the fund by the number of units the fund has issued. The unit price is calculated each business day.

A change in the value of the fund's assets affects the value of your units. The unit price for the fund will change as the market value of that fund's assets changes.

The number of units you have, when multiplied by the unit price, gives you the total value of your investment in the fund (although the impact of tax can result in a change in the number of units you hold, up or down).

The assets of a fund are not available to meet the liabilities of any other fund in the scheme.

Investing in managed funds can help you achieve your savings goals and create greater wealth for the future by offering you:

- **Diversification:** Pooling together large amounts of money enables fund managers to invest in a spread of assets which allows diversification and aims to reduce the risk of your investment portfolio. It also provides access to markets and securities that might otherwise be out of reach.
- **Professional management:** Employing the expertise and resources of a professional manager is particularly beneficial if you do not have the time or the skill to manage your own investments.
- **Simplified investing:** Fund managers take care of the paperwork involved in buying, selling, reporting and record keeping.

The return on your investment comes from any increase or decrease in the unit price.

The fund offered under this PDS does not distribute income. Accordingly, any income of the fund is reflected in the unit price.

Environmental, Social and Governance characteristics are integrated into the investment processes of the fund in this product disclosure statement in accordance with Mercer's Sustainable Investment Policy available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) (search under "Offers" for Mercer Investment Funds).

### Making investments

Investments in the fund under this PDS may usually only be made through an administration and custodial service we deal with. As such, you will not be a direct investor in a Fund and will not have a direct relationship with the Supervisor or ourselves. Instead, the Supervisor and the Manager have a direct relationship with the administration and custodial service, and they will be able to exercise any rights attached to units held. We will send all reports, distribution notifications, and documentation to the administration and custodial service, not directly to you.

You should refer to the administration and custodial service terms and the relevant marketing information about investing in the funds through that service.

If you wish to invest in the fund and you do not have a financial advisor or administration and custodial service then please contact us using the contact details in section 7 of this PDS, "Who is involved?" on page 11.

## Withdrawing your investments

You may request a redemption of some or all of your investment at any time. Payment will normally be made within 10 business days of our receiving a redemption request from you. However, in certain circumstances, we are able to suspend redemptions (for instance, where we believe, in good faith, that it is not practicable or would be prejudicial to investors' interests for the Supervisor to realise assets or borrow to permit redemptions – this could be because of market or asset conditions or other circumstances).

When you redeem all or part of your investment from a fund, we redeem your investment at the unit price for the fund, adjusted for the applicable sell spread for the fund.

## How to switch between funds

You may at any time request to switch your investment to any other Mercer Investment Fund offered by us. A switch will be treated as a redemption from one fund and an application into the other fund.

You will not be charged a switch fee but the buy and sell spreads will apply on each redemption and application under the switch. More information about the buy and sell spreads can be found in section 5 of the PDS, *"What are the fees?"* on page 9.

This PDS provides information on the Mercer Ethical Leaders Balanced Fund. Information on other Mercer Investment Funds not offered under this PDS is provided in the following PDS documents:

## Mercer Ethical Leaders Balanced Fund

**Objective:** The Fund aims to achieve a rate of return (after fees) that exceeds CPI increases by at least 2.5% per annum after tax and 3.5% before tax over a minimum of eight years and to outperform, over periods of one year or greater, the weighted average return of the market indices used to measure performance of the underlying funds/assets in which the fund invests.

**Strategy:** The Fund invests in a mix of investments using a multi-manager approach. The fund is managed with reference to environmental, social and governance factors and has exposure to investment strategies targeting sustainability themes. This fund has additional exclusions applied as described in our Sustainable Investment Policy\* and has been certified by the Responsible Investment Association of Australia (RIAA). Currency hedging can apply to some of the asset classes this fund invests in. The level of currency hedging for global shares is managed between 0% and 100% on a net of tax basis and may change over time depending on Mercer's view of the relative strength (or weakness) of the New Zealand dollar. Other global asset classes (Global Fixed Interest and Real Assets) target a 100% net of tax hedge to the New Zealand dollar.

# 04/What are the risks of investing?

## Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

This is an example of a risk indicator:

See section 1 of the PDS, “Key information summary” on page 2 for the risk indicators for the fund offered under this PDS.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund’s assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [www.sorted.org.nz/tools/investor-profiler](http://www.sorted.org.nz/tools/investor-profiler).

Note that even the lowest category does not mean a risk-free investment and there may be other risks (described under the heading “Other specific risks”) that are not captured by this rating.

This risk indicator is not a guarantee of a fund’s future performance. The risk indicator is based on the returns data for the five years to 30 September 2024. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund updates for this fund.

## General investment risks

Some of the things that may cause the fund’s value to move up and down, which affect the risk indicator, are:

<b>Market risk</b>	Market risk is the risk of losses in a fund’s investments arising due to market prices of those investments changing. This is of significance to the Mercer Ethical Leaders Balanced Fund as the assets of the fund are market linked, and are therefore susceptible to general market fluctuations and individual security price fluctuations.
<b>Currency risk</b>	Currency risk is the risk of exchange rate fluctuations between the New Zealand dollar (the currency in which the funds are valued) and foreign currencies.  Currency risk will affect funds that invest in offshore assets that are not fully hedged back to New Zealand dollars. The Mercer Ethical Leaders Balanced Fund has assets invested offshore and therefore the returns of the fund can be affected by movements between the New Zealand dollar and other currencies if they are not adequately hedged.  We manage currency risk for the fund by a currency management policy, where some or all of the currency exposure is hedged back to New Zealand dollars. The currency management policy for the fund is detailed in the Mercer Investment Funds SIPO.
<b>Liquidity risk</b>	In volatile market conditions, a fund’s assets may not necessarily be as easily realisable as they may have been at a previous point in time, or may only be able to be realised at a lower value than might be expected in normal market conditions. This could have a negative effect on the value of a fund’s assets and its performance, and in turn may affect the value of your investment, the returns you receive from the fund and the applicable buy/sell spreads.
<b>Alternative assets risk</b>	The degree of pricing transparency for investment in alternative assets may be lower than for investments in traditional asset classes, due to their different listing or valuation standards, and the other general investment risks may be magnified as they may be active in less liquid markets than traditional securities. Investment returns may be generated by the strategies used by the alternative asset investment manager rather than through exposure to specific markets or assets, which means that these investments may underperform other index-based investments, such as share market investments, particularly in times of strong economic growth. The carrying value of alternative assets may not reflect their currently realisable value. This may be due to a range of factors, including buy/sell spreads, liquidity pressures, market sentiment at the time of sale and delays between valuation and realisation of an asset.

## Other specific risks

There are circumstances which may arise and significantly increase the risk to returns for investors (and which are not already reflected in the risk indicators). These risks relate to Mercer’s particular approach to management of the fund’s investments.

Mercer is a “manager of managers” and therefore there is the risk that a manager we select underperforms, resulting in lower returns than the relevant market or objective. To reduce this risk, we have a thorough manager research and monitoring process, and we also diversify across a number of managers.

Mercer believes a sustainable investment approach is consistent with an objective of creating and preserving long-term investment capital. In order to follow a sustainable investment approach exclusions are applied to these funds in accordance with Mercer’s Sustainable Investment Policy which may mean they are less diversified in the investment options they can pursue. This means that they may forego some potentially profitable opportunities to align with Mercer’s Sustainable Investment Policy.

### More information

More information about risks including active management risk (as a specific risk), can be found in the document “Other Material Information” available at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) (search under “Offers” for Mercer Investment Funds).

## 05/What are the fees?

You will be charged fees for investing in the Mercer Ethical Leaders Balanced Fund. Fees are deducted from your investment and will reduce your returns. If Mercer (N.Z.) Limited invests in other funds, those other funds may also charge fees. The fees you pay will be charged in two ways:

- **Regular charges;** (for example annual fund charges). Small differences in these fees can have a big impact on your investment over the long term:
- **One-off fees;** (for example the initial buy spread).

### Annual fund charges

Fund	Management fees (excluding GST)	Estimated administration charges (including GST)	Total annual fund charges
Mercer Ethical Leaders Balanced Fund	1.05%	0.25%	1.30%

### Management fees

We charge an annual management fee to the fund as set out above. GST is currently charged at 15% on 10% of the management fee in accordance with the non-binding IRD agreement with the Financial Services Council of New Zealand Incorporated on behalf of the funds management industry. GST on management fees is currently under review and therefore this percentage may change in the future.

### Administration charges

These charges cover the general management of the fund e.g., supervisor, legal, custodian and audit fees. Subject to the exception noted below, they also cover charges payable in respect of the underlying funds that the above fund invests in. These charges are an estimate. Actual charges over the previous 12 months are available in the latest fund update.

### Buy/Sell spreads

Indicative buy and sell spreads as at the date of this PDS are set out in the table below:

	Buy spread	Sell spread
Mercer Ethical Leaders Balanced Fund	0.12%	0.12%

These spreads may change at any time and without notice to investors.

## Explanation

### Buy/Sell spreads

The purpose of buy/sell spreads is to ensure fair treatment of all investors in the fund by making sure that any trading costs incurred as a result of an investor entering or leaving the fund are borne by that investor, and not other investors in the fund.

When you enter or leave a fund, the buy or sell spread will be a cost to you. The buy spread is added to the unit price on entry to the fund, and the sell spread is deducted from the unit price on exit from the fund. The buy/sell spreads belong to the fund and are not fees paid to us. There is no GST charged on buy/sell spreads.

We determine the buy/sell spreads based on what we consider to be the expected trading expenses incurred by the fund in carrying out the buy/sell request. Buy/sell spreads may rapidly change in stressed market conditions and therefore we will regularly review the spreads to ensure they are appropriate for the prevailing market conditions. We may change the buy/sell spreads from time to time and without notice to investors. To view the current buy/sell spreads applicable to the fund, please go to [www.multimanager.mercer.co.nz](http://www.multimanager.mercer.co.nz).

There are no other one-off fees currently being charged to the fund offered under this PDS.

### Example of how fees apply to an investor

Alistair invests \$10,000 in the Mercer Ethical Leaders Balanced Fund. A buy spread of 0.12% is incorporated in the unit price that he pays for his investment. This equates to \$12.

This brings the starting value of his investment to \$9,988. He is also charged management and administration fees, which work out to about \$129.84 (1.30% of \$9,988). These fees might be more or less if the value of his investment has increased or decreased over the year.

## Estimated total fees for the first year

Buy spread	\$12
Fund charges	\$129.84

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Mercer Ethical Leaders Balanced Fund. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

### The fees can be changed

We can change fees from time to time. We can also add new fees. The rules about fee changes are in the Trust Deed which can be found on the scheme register at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

Mercer (N.Z.) Limited must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates are available on the offer register at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz).

## 06/What taxes will you pay?

The fund offered under this PDS is an investment option under the Mercer Investment Funds scheme. The Mercer Investment Funds scheme is a Portfolio Investment Entity (PIE). The amount of tax you pay is based on your PIR. To determine your PIR, go to [ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate](http://ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate). If you are unsure of your PIR, we recommend you seek professional advice or contact Inland Revenue. It is your responsibility to tell the Manager (or, if you invest through an administration and/or custodial service, the provider of that service) your PIR when you invest or if your PIR changes. If you do not tell the Manager (or the provider of the administration and/or custodial service you invest through, if applicable), a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

## 09/Where you can find more information

Further information relating to the Mercer Ethical Leaders Balanced Fund is available on the offer register and the scheme register at [www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz) and a copy of information on the offer register or scheme register is available on request to the Registrar of Financial Service Providers.

### Other information we will provide

You can also obtain the following information, free of charge:

Information	How to obtain
Latest unit price	The latest unit price is available on our website: <a href="http://www.multimanager.mercer.co.nz">www.multimanager.mercer.co.nz</a>
Fund information relevant to you	You can inspect documents we hold that are relevant to you, and other documents that are legally required to be provided to you, at our offices during normal business hours, or request an extract of those documents, by written request to us.
Fund updates	The fund updates for the fund will be publicly available from our website and can be requested from us.

You will also be sent an annual tax statement which will include the amount of PIE income allocated to you and the amount of tax paid at your chosen PIR. You will also be asked to confirm your IRD number and PIR.

You can find general information about the funds on our website [www.multimanager.mercer.co.nz](http://www.multimanager.mercer.co.nz).

## 10/How to apply

You will invest in the fund through an administration and custodial service we deal with. In this case you will not be a direct investor in a Fund and will not have a direct relationship with the Supervisor or ourselves. Instead, the Supervisor and the Manager have a direct relationship with the administration and custodial service, and they will be able to exercise any rights attached to units held. We will send all reports, distribution notifications, and documentation to the administration and custodial service, not directly to you.

We have entered into arrangements with select administration and custodial services in relation to investing in the fund. As such, you should contact your financial advisor or administration and custodial service for more information on minimum investment or withdrawal levels and cut off times for application. You should refer to the administration and custodial service terms and the relevant marketing information about investing in the fund through that service.

If you wish to invest in the fund and you do not have a financial advisor or administration and custodial service then please contact us using the contact details in section 7 of this PDS, "Who is involved?" on page 11.
