1. Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Fisher Funds Management Limited ('Fisher Funds', 'we' or 'us') will invest your money and charge you a fee for its services. The returns you receive are dependent on the investment decisions of Fisher Funds and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

What will your money be invested in?

Fisher Funds Managed Funds ('Managed Funds') offers you a range of ten funds to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at Section 3.

You can choose to invest in one or more funds as long as you meet the minimum investment and account balance requirements. More on those in Section 2.

Mixed asset funds

Fund name	Description and investment objective	Risk indicator	Estimated annual fund charges (% of net asset value)
Conservative Fund	Aims to provide stable returns over the long term by investing mainly in income assets with a modest allocation to growth assets.	Lower risk … Higher risk 1 2 **3** 4 5 6 7 Potentially **lower** returns … Potentially **higher** returns	1.27%
Balanced Fund	Aims to provide a balance between stability of returns and growing your investment over the long term by investing in a mix of income and growth assets.	Lower risk … Higher risk[1] 1 2 3 **4** 5 6 7 Potentially **lower** returns … Potentially **higher** returns	1.35%
Growth Fund	Aims to grow your investment over the long term by investing mainly in growth assets.	Lower risk … Higher risk 1 2 3 **4** 5 6 7 Potentially **lower** returns … Potentially **higher** returns	1.35%
Aggressive Fund	Aims to grow your investment over the long term by investing predominantly in growth assets.	Lower risk … Higher risk[1] 1 2 3 **4** 5 6 7 Potentially **lower** returns … Potentially **higher** returns	1.45%

1. The Balanced Fund and Aggressive Fund risk indicators were calculated using market index and actual returns as these funds have not been in operation for five years. Accordingly, these risk indicators may provide a less reliable indicator of the potential future volatility of these funds. For both funds, market index returns have been used from 1 October 2021 to 30 September 2025.

2. The Cash Fund risk indicator was calculated using market index returns and actual returns as this fund has not been in operation for five years. Accordingly, this risk indicator may provide a less reliable indicator of the potential future volatility of this fund. Market index returns have been used from 1 October 2021 to 24 July 2026.

See Section 4 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at fisherfunds.co.nz/managed-funds/ipq.

Who manages Managed Funds?

Fisher Funds manages the funds. See Section 7 for more information about us.

How can you get your money out?

This is a flexible investment option, and you can usually withdraw some or all of your investment at any time. Below are more details about withdrawing your investment:

- There's no charge for withdrawals
- You'll need to complete a withdrawal form
- There is currently a minimum withdrawal amount of $1,000 per transaction
- If you make a partial withdrawal you'll need to ensure you keep a minimum account balance of $1,000 in each fund you are invested in.
- Fisher Funds may waive or reduce these minimums.

Section 2 provides more information on withdrawing your investment.

Your investment in these funds can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment.

How will your investment be taxed?

Each fund is a portfolio investment entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). This can be 0%, 10.5%, 17.5% or 28%. See Section 6 of the PDS (what taxes will you pay?) on page 15 for more information.

Where can you find more key information?

Fisher Funds is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at fisherfunds.co.nz/managed-funds/forms-and-documents. The manager will also give you copies of those documents on request.

We have arrangements with registered banks for those registered banks to refer prospective clients to Managed Funds for fulfilment of their wealth needs ('Referring Banks'). Investment in Managed Funds does not represent a bank deposit or other liability of any Referring Bank. Investment in Managed Funds is subject to investment risk including possible decrease in value as the value of the investment can go up and down. No person, including any Referring Bank, guarantees the repayment of investments in Managed Funds or the payment of any returns on investment in Managed Funds.

2. How does this investment work?

Your investment in each of the funds is combined with those of other investors and managed by a team of investment professionals on your behalf.

What are the benefits?

- **It's a flexible investment.** You can start investing with as little as $100 a month and/or with a lump sum of $2,000. And you can add to, withdraw from or change your investment at any time (see below for conditions).
- **A choice of funds.** We know that every investor has different investment goals, timeframes, and tolerance for risk. So we provide the flexibility to choose from ten funds. There are four mixed asset funds and six sector funds. You can choose one fund or a combination of funds.
- **Diversification.** With Managed Funds, your money is pooled with lots of other investors' which gives you exposure to a greater range of investment opportunities.
- **We do the hard work for you.** Our experienced Investment Team actively manage your Managed Funds investment to help grow your returns over the long term.
- **Expert advice and award-winning client service.** We have a dedicated team of advisers and an award-winning Client Experience Team to help you on your investment journey.

How does it work?

When you invest, your money is used to buy units in your name in the fund or funds that you choose. More information on the funds can be found in Section 3.

- Each unit you buy will have a price calculated each business day based on the value of the fund's assets at the time.
- Changes in the value of the fund's assets (up or down) are reflected in the unit price.

Each fund is a trust governed by a Governing Document between Fisher Funds and Trustees Executors Limited (the 'Supervisor'). Your investments are held by a custodian appointed by the Supervisor, who is independent from Fisher Funds. Each fund is accounted for separately so assets in one fund can't be used to meet the liabilities of another.

The funds do not currently make distributions. Any income or capital gains are included in the unit price of those funds.

Responsible investment

Responsible investing is embedded in our research and investment process. Our Responsible Investment Policy is available at fisherfunds.co.nz/responsible-investing.

Joining the scheme and making investments

It's easy to invest in the funds and they're open to most people including;

- Individuals (including joint investment)
- Trusts or Partnerships
- Estates
- Charities
- Companies
- Incorporated Societies or Associations.

You can invest in the funds by completing an application form at the back of this document or give us a call for more information.

You can invest anytime by making a lump sum or regular contribution by direct credit transfer or direct debit. Making regular contributions to your investment can help you reach the financial success you dream of.

Managed Funds has some minimum investment amounts:

- To start, an initial lump sum of $2,000
- Additional lump sums can be deposited — $1,000 or more anytime
- If you elect to make regular investments in addition to, or instead of, a lump sum payment the minimum regular investment is $100 per month.
- In addition, for entities such as trusts and companies, the minimum investment amount is $100,000 in aggregate across all of the funds the entity is invested in unless we agree otherwise.

Fisher Funds may waive or reduce these minimums.

Withdrawing your investments

We give you the flexibility to withdraw some or all of your investment at any time, subject to the requirements and conditions set out below. There's no charge to make withdrawals.

How to make a withdrawal

- Simply complete a withdrawal request form (you can find a form at fisherfunds.co.nz/managed-funds/forms-and-documents)
- Partial withdrawals need to be $1,000 or more per transaction
- Regular withdrawals can be set up on a weekly, fortnightly or monthly basis and must be a minimum of $100 per transaction.

After you make a partial or a regular withdrawal you must leave a minimum balance of $1,000 in each fund you are invested in, or we may withdraw your remaining investment in the relevant funds and pay it to you.

Fisher Funds may waive or reduce these minimums.

What happens when you make a withdrawal?

- Once we have received your completed withdrawal request form, accompanied by all necessary documentation, your withdrawal will be processed at the next available unit price. Withdrawals usually take 3-5 business days to process. In certain unusual circumstances withdrawals may take up to 10 business days to complete. Withdrawal processing times may change. See the 'Understanding your investment' section of the 'Other Material Information' document ('OMI') at fisherfunds.co.nz/managed-funds/forms-and-documents for the current processing times.
- PIE tax associated with the withdrawal may be deducted from your account.
- We may suspend or defer the timing of withdrawals (including switches) in some circumstances. Further information on suspensions and deferrals is set out in the OMI at fisherfunds.co.nz/managed-funds/forms-and-documents.

How to switch between funds

Managed Funds offers you a range of funds to choose from, with the flexibility to switch your investment between funds, at any time usually with no charge. We may choose to charge a fee, for example if an investor wanted to make an unreasonable number of switches in a short time. PIE tax may be withheld on switches between funds.

Switching funds is easy; just log in to our online portal or complete a switch form at fisherfunds.co.nz/managed-funds/forms-and-documents.

3. Description of your investment option(s)

Managed Funds offers a choice of ten funds so you can choose what's right for you. It's important for you to understand what your financial goals are, the timeframe you have and how much risk you're comfortable to take. Each fund has different risks and rewards and is designed to suit different types of investors. You might like to talk to one of our financial advisers or take our investor profile questionnaire at fisherfunds.co.nz/managed-funds/ipq before you make your decision.

The funds may hold derivatives (contracts that are valued based on the performance of other assets) e.g. for currency hedging purposes in the funds that invest overseas, and alternative assets (such as investments in commodities), however there is no specific allocation to these investments.

The Statement of Investment Policy and Objectives (SIPO) sets out the investment philosophy, strategies and objectives for the funds. We regularly review and update the SIPO (in consultation with the Supervisor) to take into account current market conditions.

The current SIPO for the funds can be found at fisherfunds.co.nz/managed-funds/forms-and-documents. Any material changes to the SIPO will be advised to you in the Managed Funds annual report, which is also available at fisherfunds.co.nz/managed-funds/forms-and-documents.

Further information about the assets in the funds can be found in the fund updates at fisherfunds.co.nz/managed-funds/forms-and-documents.

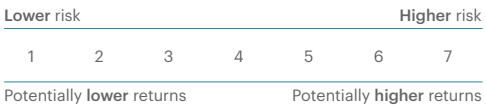

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

Risk indicators for each fund can be found in Section 3.

Risk indicator

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at fisherfunds.co.nz/managed-funds/ipq.

Note that even the lowest category does not mean a risk-free investment.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for the five years to 30 September 2026. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for the fund.

General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

- **Investment returns risk** — different types of investments perform differently. Generally, the return on a fund with more growth assets like shares will go up and down more over time than a fund with more income assets.
- **Market risk** — investment markets can be affected by economic conditions, political events, and environmental and technological issues.
- **Climate-related risk** — the market value of an investment may change due to the impacts of climate change.
- **Currency risk** — the value of foreign assets and currency held by funds can change (up or down) when there are movements in the exchange rate between the New Zealand dollar and the foreign currency.
- **Investment manager risk** — how we choose to allocate each fund's investments will affect returns. Returns may differ from any market index and from competing investments.
- **Credit risk** — the issuer of a security, an institution that we deposit funds with, or a third party that provides a guarantee for either may not honour their obligations, may fail to complete transactions, or may become insolvent.
- **Counterparty risk** — a party to an investment contract may not honour their obligations, or fail to complete a transaction, or may become insolvent.
- **Interest rate risk** — the value of fixed interest investments may increase or decrease as a result of changes in interest rates.
- **Liquidity risk** — liquidity refers to the ease with which an asset can be sold. Low liquidity in a fund can affect the ability of the fund to make payments when needed (such as meeting withdrawal requests), or you may receive a lesser amount than expected if the assets have to be sold quickly and there are few buyers. Investment in unlisted assets increases liquidity risk, which applies particularly to any unlisted assets that the funds may hold.
- **Valuation risk** — a fund may hold investments, such as unlisted assets, which may lack a verifiable market valuation and therefore carry the risk of valuation uncertainty which could impact returns.
- **Concentration risk** — as an active manager, we invest some of the funds in a relatively small number of companies that we have individually researched and hold a high conviction will perform well over the long term. Where a fund consists of a small number of companies, the performance of one or a few companies will have a larger impact on fund performance than in a fund holding a greater number of companies.

  In particular, the Property & Infrastructure Fund, New Zealand Growth Fund, Australian Growth Fund and International Growth Fund are exposed to concentration risk. These funds should only be considered as part of a diversified investment portfolio, not as your sole investment, and we recommend you speak to your financial adviser.

Further information on these risks, and other risks, and the steps we take to reduce their impact on the funds' investments are set out in the OMI on disclose-register.companiesoffice.govt.nz.

5. What are the fees?

You will be charged fees for investing in Managed Funds. Fees are deducted from your investment and will reduce your returns. If Fisher Funds invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways —

- **regular charges** (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term:
- **one-off fees** (for example, fees charged for investing or withdrawing from the fund or other specific actions you take). Fisher Funds does not currently charge any one-off fees.

The table below shows the annual fund charges for each fund including GST, if any. Estimates are reasonable estimates of future costs, expenses and fees which are likely to be charged in the future based on a combination of historic and forecast charges.

Mixed asset funds

Fund	Fixed	Estimated	Total estimated annual fund charges (% of net asset value)
	Manager's basic fee	Other management and administration charges

International Growth Fund	1.25%	0.17%	0.07%	1.49%	0% to 2.00%

Description of above fees

Annual fund charges

Are made up of:

- The **Manager's basic fee** charged directly to the funds by Fisher Funds for providing services, including investment management services. This fee is not subject to GST[2].
- **Other management and administration charges** including costs and expenses incurred in relation to the funds for services such as accounting, custodian, unit pricing and audit services and the Supervisor's fee. GST may be included in some of these charges, where applicable.
- The **performance-based fee**, which is charged when we beat the high water mark and achieve the hurdle rate of return (both terms are explained below). This fee is not subject to GST[2].

There is no performance-based fee for the Conservative Fund, Balanced Fund, Growth Fund, Aggressive Fund, Cash Fund and Income Fund.

The performance-based fees are calculated daily. 31 March[3] marks the date that the performance-based fees become payable if the high water mark and hurdle rate of return are exceeded.

The performance-based fees are capped at 2% of each fund's average net asset value per year.

The performance-based fees payable are 10% of the excess return above the hurdle rate of return (assuming we have beaten the high water mark), plus GST if any.

- A **high water mark** is used in the calculation of the performance-based fee to ensure that we are only rewarded for investment performance once. This is generally the highest unit price on which any previous

1. Performance-based fees are estimated. Where applicable, the annual fund charges include a performance-based fee estimate based on the long term average performance of the fund's appropriate market indices compared to the long term performance of the hurdle rate of return of the fund.
2. Inland Revenue has issued an Interpretation Statement which provides that fees such as these are not subject to GST.
3. Prior to 2027, 30 June was the date performance-based fees (if any) became payable.

performance-based fee was paid. Performance-based fees are payable only if the fund's performance exceeds the high water mark. This means that we don't get rewarded for making up any investment loss the fund incurs.

- The **hurdle rate of return** is the minimum return the fund must achieve before being able to charge a performance-based fee.

  The hurdle rates of return for the funds are as follows:

  New Zealand Growth Fund, Australian Growth Fund, and International Growth Fund

  The Official Cash Rate plus 5%, subject to beating the high water mark described above.

  Property & Infrastructure Fund

  The Official Cash Rate plus 3%, subject to beating the high water mark described above.

In our fund updates, we compare the funds' performance against a combination of market indices appropriate to the asset classes the funds invest in. Our view is these indices provide the best comparison of how the funds should perform. However the hurdle rate of return for the performance-based fee payable to us is based on the Official Cash Rate plus a margin (as described above). This means you may pay a performance-based fee even if the funds' performance does not match or beat the market index which has more comparable assets.

The annual fund charges are paid from the funds, or the underlying funds they may invest in.

Individual action fees

We don't currently charge any contribution, establishment, termination, or withdrawal fees, but may charge these or other fees in the future.

You may be charged other fees by us on an individual basis for investor-specific decisions or actions, though this is rare. See the OMI at fisherfunds.co.nz/managed-funds/forms-and-documents for more information about those fees. You may be charged a fee by your financial adviser.

Buy/sell spreads

Although under normal trading and market conditions we do not apply buy and sell spreads, we may choose to do so. You can find out if any buy or sell spreads have been applied at fisherfunds.co.nz/spread-pricing. Further information is set out in the OMI at fisherfunds.co.nz/managed-funds/forms-and-documents.

Example of how fees apply to an investor

Katie invests $10,000 in the Australian Growth Fund. The starting value of her investment is $10,000. She is also charged management and administration fees, which work out to about $141 (1.41% of $10,000). These fees might be more or less if her account balance has increased or decreased over the year.

Katie may also be charged a performance-based fee if her fund earned more than its target.

Estimated total fees for the first year

Individual action fees	Nil
Fund charges	$141
Other charges	Nil

See the latest fund update for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the Australian Growth Fund. If you are considering investing in other funds in the scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

Our fees may change or new fees may be added — we'll let you know if they do. If we do make any changes to the fees, we'll make sure they are changed within the rules set by the Governing Document.

We must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at fisherfunds.co.nz/managed-funds/forms-and-documents.

6. What taxes will you pay?

Each of the funds is a portfolio investment entity. The amount of tax you pay is based on your prescribed investor rate (PIR). To determine your PIR, go to ird.govt.nz/pir.

If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department. It is your responsibility to tell Fisher Funds your PIR when you invest or if your PIR changes. If you do not tell Fisher Funds, a default rate may be applied.

If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you by Inland Revenue.

Joint investors, companies and trusts may be taxed differently to individuals. For example, for a joint application we will use the highest PIR provided by the applicants. See the 'Tax' section of the OMI at fisherfunds.co.nz/managed-funds/forms-and-documents for information on how your investment earnings are taxed, or give us a call.

7. Who is involved?

About Fisher Funds

Fisher Funds is the manager of the funds. We're one of New Zealand's largest specialist investment managers with nearly 500,000 Kiwis invested across KiwiSaver and managed funds. Majority New Zealand owned and operating for over 25 years, we're on a journey to help Kiwis make the most of their money through our Smart Active Investment Management approach to investing and award-winning client service. Our aim is to make investing accessible and enjoyable for our clients.

Section 8 — Privacy statement

The information in this application form, and any information you provide at later dates will be used and may be shared in accordance with all applicable New Zealand privacy laws and our Privacy Policy which can be found at fisherfunds.co.nz/privacy-policy. The Privacy Act 2020 gives you the right to access and request the correction of personal information held by Fisher Funds Management Limited, the Supervisor, and their associated entities and agents. It is also acknowledged that personal information may be collected from third parties, as outlined in our Privacy Policy.

Section 9 — Investor declaration

All applicants and other persons authorised to act in relation to the account who are aged 18 or over must sign this section. Where I am signing on behalf of another person, the declarations below apply to me or the person on whose behalf I am signing, as applicable.

- I have received the product disclosure statement (PDS) and agree to be bound by the terms and conditions of the PDS and Governing Document.
- I acknowledge that no one, including any registered bank which may refer prospective clients to Fisher Funds Managed Funds for fulfilment of their wealth needs, stands behind or guarantees the repayment of investments or payment of any returns on investments in Fisher Funds Managed Funds and although those registered banks may refer prospective clients to Fisher Funds Managed Funds for fulfilment of their wealth needs, investment in Fisher Funds Managed Funds does not represent a bank deposit or liability of any of those registered banks.
- I understand that the funds are a vehicle for long term investment and that the value of my investment is liable to fluctuations and may rise and fall from time to time.
- In addition to receiving information about my account electronically, I consent to receiving electronic communications about additional services that Fisher Funds considers may be of interest to me. This consent applies to electronic communications from Fisher Funds while joining or at any other time. I may elect to not receive electronic communications at any time.
- I understand the manner in which the fees will be deducted from my investment.
- I acknowledge that neither the Manager nor the Supervisor will be liable to me for any loss as a consequence of the investment direction given on this form or any later investment direction given in accordance with the Governing Document (and that none of the Manager, the Supervisor, or any other person guarantees the performance of the fund(s) I select).
- I acknowledge that the investment strategy I select is my own choice and does not constitute financial advice from Fisher Funds, unless expressly advised otherwise. I understand that if I require personalised financial advice, I should consult a licensed financial adviser.
- I acknowledge that it is my responsibility to provide my correct Prescribed Investor Rate (PIR) and to notify Fisher Funds if my PIR changes. I understand that using an incorrect PIR may result in additional tax obligations.
- I agree to the terms outlined in Section 8 in relation to the privacy statement and the handling of my personal information.
- I understand that the financial adviser or distributor through which my investment was made (if applicable) may be remunerated by the Manager for distributing the Scheme.
- If signed under a Power of Attorney, the attorney certifies that he/she has not received notice of a revocation of that power.
- I confirm that all of the information I have given in this application is true and correct.
- I will notify Fisher Funds immediately if there is any change in any information I have given in this application.

If yes please provide the tax identification details of any country (or countries) in which this trust is a tax resident other than New Zealand.

Country of tax residence	Tax Identification Number

Is the trust a financial institution as defined by the Common Reporting Standard or FATCA?

A trust will be a financial institution based on the activities that it carries out or how it is managed. There are four types of financial institutions: custodial institutions, depository institutions, investment entities and specified insurance companies.

○ Yes ○ No

If the answer to the above question is No, you must tick one of the boxes for the following question.

Is the trust a:

○ Active Non-Financial Entity **OR** ○ Passive Non-Financial Entity

Generally, a trust will be an Active Non-Financial Entity (NFE) if less than 50% of its income is passive and less than 50% of its assets produce (or could produce) passive income. A trust will be a Passive NFE if it primarily (50% or more) derives passive income and/or has assets that primarily (50% or more) produce (or could produce) passive income. Passive income generally includes non-trading investment income in the form of: interest or equivalents, dividends, annuities, other financial arrangements' income, and rents and royalties.

This section is only required to be completed if the trust has:

Is the entity a foreign tax resident?

Yes No

If yes please provide the tax identification details of any country (or countries) in which this entity is a tax resident other than New Zealand.

Country of Tax Residence	Tax Identification Number

Is this entity a financial institution as defined by the Common Reporting Standard or FATCA?

An entity will be a financial institution based on the activities that it carries out or how it is managed. There are four types of financial institutions: custodial institutions, depository institutions, investment entities and specified insurance companies.

Yes No

If the answer to the above question is No, you must tick one of the boxes for the following question.

Is the entity a:

Active Non-Financial Entity OR Passive Non-Financial Entity

Generally, an entity will be an Active Non-Financial Entity (NFE) if less than 50% of its income is passive and less than 50% of its assets produce (or could produce) passive income. An entity will be a Passive NFE if it primarily (50% or more) derives passive income and/or has assets that primarily (50% or more) produce (or could produce) passive income. Passive income generally includes non-trading investment income in the form of: interest or equivalents, dividends, annuities, other financial arrangements' income, and rents and royalties.

Section 2 — Entity tax details (continued)

- I understand the manner in which the fees will be deducted from my investment.
- I acknowledge that neither the Manager nor the Supervisor will be liable to me for any loss as a consequence of the investment direction given on this form or any later investment direction given in accordance with the Governing Document (and that none of the Manager, the Supervisor, or any other person guarantees the performance of the fund(s) selected).
- I acknowledge that the investment strategy selected is our own choice and does not constitute financial advice from Fisher Funds, unless expressly advised otherwise. I understand that if personalised financial advice is required, a licensed financial adviser should be consulted.
- I acknowledge that it is our responsibility to provide the correct Prescribed Investor Rate (PIR) and to notify Fisher Funds if the PIR changes. I understand that using an incorrect PIR may result in additional tax obligations.
- I agree to the terms outlined in Section 9 in relation to the privacy statement and the handling of my personal information.
- I understand that the financial adviser or distributor through which my investment was made (if applicable) may be remunerated by the Manager for distributing the Scheme.
- I confirm that all of the information I have given in this application is true and correct.
- I will notify Fisher Funds immediately if there is any change in any information I have given in this application.
